

16th International Conference on Environmental Science & Technology CEST2019

4- 7 SEPTEMBER 2019, RHODES, GREECE

empowering science to deliver change

WHAT IS CEST2019?

Environmental engineering and science have provided solutions for nearly all the problems earth has faced. Most cities in developed countries on the planet have now wastewater treatment plants, drinking water treatment plants and solid waste management systems to avoid further environmental damage. Still, about 20% of the earth's population has no access to clean water, and 40% suffer from the consequences of unacceptable hygiene conditions. Pathogenic micro-organisms are responsible for over 2 million deaths per year, with the highest percentage being reported to children under 5 years of age.

On the other hand, the population growth leads to an increasing need for food production, which leads to pressures to natural resources which are by no means infinite. It seems now that our future depends on innovation and technological advances to significantly reduce the pressures and the energy input as well as to align production with the concept of circular economy.

Academic research should work together with the industry and the society. Through research, we are discovering new ways to implement advanced technologies, to address emerging environmental challenges as well as use research findings to influence policymakers and promote socially responsible policies.

Established in 1989, the International Conference on Environmental Science and Technology (CEST) is a leading environmental conference where top experts, scientists, entrepreneurs, representatives of public administration and social initiatives present state-of-the-art research on current and emerging environmental issues. CEST is thus a platform where academia and business converge; where academic research, innovative ideas and solutions serve as the basis for a cleaner, healthier and more sustainable environment.

The conference is organised bi-annually by the Global Network on Environmental Science and Technology together with the University of the Aegean (Greece) and the South Aegean Region. CEST2019 is academically supported by the University of Salerno (Italy) and the Imperial College London (UK) as well as a group of distinguished scientists – the members of the Conference Scientific Committee. CEST2019 is under the patronage of UNESCO's Water Assessment Programme, European Water Association (EWA) and A.C. Laskaridis Charitable Foundation. This year marks the 30-year anniversary of the series.

LET'S BE A TEAM!

AS A SPONSOR OF CEST2019, YOU WILL:

- Support the brightest academic minds in environmental science and technology
- Present and discuss your research with scientists from around the world
- Have a meaningful networking

SHOW ME SOME STATS!

CEST2019 is for everyone involved
with environmental science and technology

4 days

3+ events

400+
attendees

8
sponsors

20
invited speakers

70+
countries

650+
oral/poster
presentations

25
thematic
areas

10+
collaborating
scientific journals

2019 THEMES

- Innovative Environmental Solutions
- Water and Wastewater Treatment & Reuse
- Hydrology & Water Resources
- Waste Management & Valorisation
- Environmental Management & Policies
- Environmental Pollution & Technologies
- Analysis of Environmental Systems
- Environmental Health

PARTICIPANTS

- Academics
- Researchers
- Government officials
- Top managers (CEOs, VPs, Directors, GMs)
- Policy and decision makers
- Thought leaders
- Engineers and scientists
- Entrepreneurs and business owners
- Students

SPONSOR OPPORTUNITIES

OFFERINGS	PLATINUM	GOLD	SILVER	BRONZE	SUPPORTER
speaking opportunity to present in opening session in consultation with the organiser	✓				
speaking opportunity to present within one of the nine thematic areas (15 minutes) in specific session in consultation with the organiser	✓	✓	✓		
logo and profile in the conference app	✓	✓	✓	LOGO	LOGO
web banner in newsletters +30k circulation/month	distinguished	prominent			
logo in marketing promotions website, social media, conference program, press releases	distinguished	prominent	✓	✓	✓
page in conference program	distinguished	prominent	special	✓	
facebook promo video time and day to be agreed; video provided by sponsor and pre-approved by organiser	✓	✓			
logo in conference bags sponsor logo to be provided by June 30	✓	✓			
roll up banner in venue banner provided by sponsor	distinguished	prominent	✓	✓	
interview in one newsletter	priority	✓			
logo in the lobby throughout the conference	✓	✓	✓	✓	✓
marketing literature inside conference bag	✓	✓	✓	✓	✓
registration tickets	4 free	2 free	1 free	1 free	
open exhibition space	✓	✓	✓		

Additional opportunities to enhance your sponsorship, such as, corporate video in plasma during breaks, coffee breaks, logo in name badges, and give aways, etc, after consultation with the organiser.
